Free pattern for necklace Elaine

One of our followers talented beadwork artist Elaine C Vechorik made very beautiful necklace, using as a base our pattern Adriatic, which u can find on this link https://beadsmagic.com/free-pattern-for-necklace-adriatic/. She made some changings and here is the result what she got. We thank her and share this pattern with all of u too.

This is what Elaine wrote about her necklace.

I used 11/0 and 4mm beads with only 2 11/0 beads in the top row. When the necklace was complete, I went back through the top row, adding 1 silver 11/0 above each silver 4mm and tightened the neckline a bit. I simplified the bottom so it's even all the way around.
