Amazing beaded insects by Lana Evgan

Lana Evgan is a talanted bead embroidery artist who creates amazing insects and bugs. Im sure you never saw anything like this! She makes beaded insects in different shapes and colors. She uses beautiful high quality materials such as Swarovski and Preciosa crystals, fire polished beads, pearls, natural stones, bugles, cannetille, seed beads Toho and Miyuki. Her embroidery is real filigri work and every embroidered insect is unique and eye-catching one.

Visit Instagram Lana Evgan to see more of her work.
