

Free pattern for necklace Firework Ruffles

One of our readers [Kariti Kreations](#) (facebook.com/180555365349989) made our pattern [May Be](#) using Star drops. I liked this idea very much and decided to share her picture and our pattern with all our friends.

BEADSMAGIC.COM

A diagram illustrating a DNA molecule. The top part shows a double helix structure composed of orange beads. A watermark "BEADSMAGIC.COM" is overlaid on the center. Below the orange beads, there are two vertical strands of purple beads. Each purple strand is connected to a blue star shape at the bottom. Arrows indicate the direction of the DNA strands.
