Free pattern for beautiful beaded necklace Tahoe

U need:

pearl beads 2 mm

drop beads

seed beads 11/0

A diagram of a one-dimensional lattice. A horizontal blue line with arrows at both ends represents the lattice. Green spheres are placed at regular intervals along this line. Small grey spheres are also placed at regular intervals, offset from the green spheres. A single green sphere is highlighted with a red teardrop shape pointing downwards from it, representing a magnetic impurity. A black arrow points to the right, indicating the direction of electron movement.
