

Free tutorial for necklace Nina with dagger beads

Use this free tutorial for necklace Nina to make beautiful necklace with dagger beads and round beads. This necklace is made using basic netting stitch. Any seed beads can be used for netting but it always looks better with good quality beads like toho or miyuki. Preciosa seed beads are also good and they have so many nice colors. In this free bead tutorial we used red and blue seed beads Toho 11/0, dagger beads and round beads from natural stone 4mm. Bead netting is quite easy stitch so if you are bead beginner dont be afraid to use it. Pdf pattern is also available!
